Miss G Therie Smith

Dear Thelie,

As I wrote you so
little before, I will
write this to you this
time.

This is an awful cool
morning and we have
not had a bit of real
hot weather yet.

I suppose school goes
fairly, and you enjoy
it.

Last night Geo. Eastman
family came up to hear
the Graphophone and I
let Dorothy sit up until
half past nine. She had

such a fine time with
Arthur, Elva, Percy and
the baby. She showed
her books and play
things and was so happy

When I told her she
must go to bed she was
perfectly willing to
leave them and go up
to her little white bed.

She has just been to
the foot of the stairs
now calling "Ma, come
dit up play blocks"

She likes to have Mr
Gray play with her
and they have great
fun together.

I got your mother's

letter the night when
Roy carried me out to
the dressmakers to try
my skirt.

We have 90 chickens
but ought to have
had a good many more
but they did not hatch
well.

I don't believe you
will see Roy and I
~~unless~~ Roy could get
away long enough so
we might drive up
but it is doubtful.

He and Pater are shingle
ing over to the hotel
and with their work

at home they are
pretty busy.

We had a terribly hard
snowed night but
no much thunder.

Did you have one up
home.

Ray wants to go to
work so I must close
so he can take it.

I really send a kiss
and with love from us
all

Lena
